

# TILLMAN HAS HIS INNING.

## Witnesses Testify He Was Goaded to Killing Editor by Threats.

## Tillman Takes Stand in His Own Defense. He Testifies That Editorials Written by Gonzales Were Very Bitter.

Lexington, S. C., Oct. 9.—The trial of J. H. Tillman was resumed yesterday, the juror Milton Sharpe, who has been sick, having improved sufficiently to permit him to be in court.

The state rested without the introduction of further testimony and the defense entered at once upon the presentation of its case.

Counsel for the defendant first renewed the motion made early in the trial that the court instruct the jury to disregard all testimony given by witnesses for the state showing a weapon in the possession of the defendant prior to the shooting. The court ruled the testimony to be competent.

Editorials from the Columbia State returning to the defendant, were read in counsel for the defense and offered in evidence. The court in ruling upon a point in controversy stated to the jury that the purpose for which the editorials were being read to the jury was to show the feelings that existed between the defendant and N. G. Gonzales. The first witness called by the defense was T. D. Mitchell, who lived in Columbia in 1902. He testified that he had a conversation with N. G. Gonzales relative to J. H. Tillman, reciting what he stated Gonzales said concerning the defendant. The witness said among other things:

"He said I can slap his face and he would not resent it, and he said if he ever bats his eyes at me, I'll fill him full of lead that he will never forget it."

The witness said that he subsequently told Mr. Tillman what he stated Gonzales said to him. On cross-examination, he said he forced the conversation on Mr. Gonzales.

A. J. Flower, who formerly was a steam car conductor in Columbia, testified that during the summer of 1902, Mr. Gonzales and three other men were riding on his car. He said that while he was collecting fares they were discussing politics and that he heard Mr. Gonzales say, if Mr. Tillman was elected, he never would be elected.

The witness added that he heard Mr. Gonzales say he would "kill the ass." On cross-examination, the witness said he had not told this until two months ago, and that he just wrote it to the defendant.

### Today's Testimony.

James David, of Edgefield, was on the stand when the trial of J. H. Tillman was resumed today. He said he did not hear the defendant make any threats in the presence of O. D. Black, while riding on a train from Johnston to Columbia. On cross-examination, he said he did not know Black.

Col. L. B. Lease was asked to state what was said in the defendant's room at the hotel in Columbia at the time Dr. Adams was present. He said he was reading editorials from the State, either on the night of August 20 or 21 of last year. He said Dr. Adams advised the defendant to go down to the state office and whip Mr. Gonzales and that Mr. Tillman replied that he would not do so, as he is lieutenant governor and would be impeached. Asked as to a statement made on the stand by Dr. Adams, the witness said Mr. Tillman said: "You boys need not worry; if he attacks me, I'll snuff his life out with my gun."

Continuing, the witness said that Tillman's response to something Gonzales was stated to have said, "I'll snuff his life out with my gun."

# TWO GUNBOATS ARE AFTER THE FUGITIVES.

Manila, Oct. 9.—At the request of Gen. Taft, General Stirling has dispatched two gun boats, the Isla de Luzon and the Pampana, to Aibay and Mar, to search the neighboring waters for the little steamer Victoria, which has Johnston and Herman, the

tempted to carry out one of his threats I'll make it the tragedy that ever occurred in South Carolina."

The witness said the remarks were made by the defendant in response to statements as to the threats reported to him.

Asked if he knew whether relations between Mr. Gonzales and the defendant were unfriendly, Col. Lease said he had heard Mr. Gonzales say he did not want to be in the same room with Mr. Tillman. He said that he had heard Mr. Tillman say on several occasions that he wanted to avoid any difficulty with Mr. Gonzales. Mr. Tillman had a pistol on the night of the campaign meeting in Columbia, the witness said, because trouble at the opera house was anticipated, and witness further said it was expected that Mr. Tillman would be attacked by Mr. Gonzales as it was expected Mr. Tillman would reply to some of his editorials.

### Tillman's Testimony.

Lexington, S. C., Oct. 9.—The examination of James H. Tillman, who went on the stand during the last hour yesterday, as a witness in his own behalf, was resumed today, when court convened. An argument ensued when questions were asked the defendant relative to editorials in the State. Mr. Tillman in line of a ruling of the court, rendered after an hour's argument by counsel, was asked what impression was made upon him by the editorials written by Mr. Gonzales. He replied that they were intensely bitter.

He said he did not make the threats in Edgefield, or on the train going from Johnston to Columbia, as testified to by witnesses for the state. He also said that he had no conversation in a livery stable at Edgefield relative to Gonzales as has been stated in testimony. He was questioned with reference to the conversation which took place in his room in a hotel in Columbia, on the night of August 21 when Dr. Adams and Col. L. Lease were present. Mr. Tillman said the statements were made by him in reply to remarks as to threats reported to him. He said he had been told in a dozen places in South Carolina, that he could not come to Columbia and say what he had said on the stump elsewhere about Mr. Gonzales. Also, he said it had been reported to him that the opera house in Columbia, where he was to speak was to be packed and he was not to be let out alive. He stated he said, if that threat was carried out, it would be the tragedy in South Carolina.

Mr. Tillman giving his version of the shooting, said he was walking down from the state house after the adjournment of the state senate, Jan. 15, in company with Senators Talbird and Brown, the former being on the outside, the latter on the inside. Before reaching the transfer station, he said, he noticed Mr. Gonzales down the street, looking at him very intently. He said he (defendant) had on his overcoat, buttoned. He said he never took his eyes from Mr. Gonzales and that Gonzales did not take his eyes off him.

"He said Mr. Gonzales had on an overcoat tightly buttoned with heads in his pockets, thumbs sticking out. Mr. Gonzales cut diagonally across in front of him, he said and the thumb of his right hand disappeared in his pocket. He said he thought Mr. Gonzales was going to draw a weapon and he fired, first saying 'I got your message.' The message, he said re-

ferred to the statements reported to him by witnesses White and Holzenbach. These statements were to the effect that Gonzales had said that he had made Tillman show the white feather twice before and would do it again. The defendant said he did not fire a second shot as Mr. Gonzales did not draw a pistol. Mr. Tillman concluded his testimony shortly before noon, when Gen. Bellinger, of counsel for the state, entered upon the cross examination.

On cross examination the defendant said he had reason to expect, from the moment he saw Mr. Gonzales that he, Gonzales would shoot when they met. He then sent to Mr. Gonzales to come to the meeting at the opera house in Columbia, and make his charges, then saying he did this so he could reply to them. The cross examination consumed just one hour.

Asked if he knew whether relations between Mr. Gonzales and the defendant were unfriendly, Col. Lease said he had heard Mr. Gonzales say he did not want to be in the same room with Mr. Tillman. He said that he had heard Mr. Tillman say on several occasions that he wanted to avoid any difficulty with Mr. Gonzales. Mr. Tillman had a pistol on the night of the campaign meeting in Columbia, the witness said, because trouble at the opera house was anticipated, and witness further said it was expected that Mr. Tillman would be attacked by Mr. Gonzales as it was expected Mr. Tillman would reply to some of his editorials.

# CHINA IS IN NO POSITION

## To Enforce Treaty and Compel Russia to Evacuate Manchurian Ports.

Washington, Oct. 9.—Sir Chen Tung Chang, the Chinese minister, had a long conference with Secretary Hay, today regarding the situation in Manchuria. The minister received information some time ago that there was no apparent movement on the part of Russia indicating that the country would begin the evacuation of Manchuria on Oct. 8, as agreed and stipulated in a treaty made with China. The Chinese minister naturally feels deeply the conditions which exist. It is said everywhere known that China is in no position to enforce the treaty and compel Russia to evacuate. At present the concern of the United States is to see that the treaty made with China for the open ports in Manchuria are carried out regardless of what Russia may do either in evacuation or permanent control of the province.

# STONE OPERA HOUSE DESTROYED BY FIRE.

Binghamton, N. Y., Oct. 9.—At three o'clock the fire in Stone opera house was practically under control, without having injured the front of the building in which are contained Stone Hall, several business offices, the lobby and theatre offices. The opera house cost about \$125,000 and a large amount of scenery and costly fittings were saved.

All the scenery of Paul Gilmore's company in "The Mummy and the Hummingbird" had been removed before the fire began; loss \$75,000; no insurance.

# PATTERSON THEATRICAL.

Patterson, N. J., Oct. 9.—Unless the rain soon ceases, there is danger of destructive floods in this city. The river district is again partly flooded and the river is still rising rapidly. Before noon the water was about a foot and a half from the Arch street bridge approaches, and it is feared that if it continues to rise, it will be forced back by the bridge work as it by a dam, and will flood the business section of the city.

Chicago, Oct. 9.—Officials of the Chicago Federation of Musicians declare that the services of the Marine band of Washington at the Chicago Centennial celebration, and the consequent boycott of union musicians, resulting in the discharge of members of the various bands of the Illinois Guard, were secured through a misrepresentation. The Federation declares that the course of two colonels of the National Guard in recommending the discharge of the regimental bandmen is unjust, the ceremonial arrangements committee, instead of the musicians, deserving censure. The Federation officials assert that when they found out that the Marine band

# AUDITOR CASTLE OF P. O. DEPARTMENT

## Has Tendered His Resignation, to Take Effect on the Appointment of His Successor. Private Affairs Demand Attention.

Washington, Oct. 9.—Announcement of the resignation of H. A. Castle, auditor for the post office department, was made today. The resignation was directed to the secretary of the treasury who has indicated his acceptance. The resignation is to take effect when his successor is appointed and Mr. Castle said today that he would remain in office until that time. Mr. Castle also said that he had tendered his resignation last spring, but that when the investigation of postoffice department affairs was begun Secretary Shaw asked him to remain and he had consented to do so. Mr. Castle added that his reason for his resignation is found in the necessity for giving attention to his private business, and that as soon as relieved from the duties of his office, he would return to his old home at St. Paul.

Mr. Castle's letter of resignation follows:

"Washington, Oct. 7, 1903. To the President:—Sir:—Early last spring, I informed the secretary of the treasury, my official chief, of my decided intention to retire from the position I had held for six years. The postal investigation came on, and it seemed desirable that I remain during the continuance to give all necessary co-operation. I now in accordance with the purpose mentioned respectfully tender

# ONLY SIXTEEN CARS COULD GO AHEAD.

Binghamton, N. Y., Oct. 9.—Seventeen of the cars which are making the endurance run from New York to Pittsburg were all that had registered here up to the time of the start today, the others probably having stopped for the night all along the route from Pine Hill. It is believed that several of these will push on today and go ahead toward Bath. Of the seventeen arrivals one withdrew from the contest and sixteen drove out on the road to Bath, 106 miles away. The cars generally seem to be in fair shape. The weather conditions today were if possible, worse than yesterday but the roads are said to be somewhat better.

# WRONG DOSE OF MEDICINE

## Taken by a Young School Teacher and Death Is the Result.

## Suicide Theory Which at First Prevailed Is Discredited by His Father Who Gives Excellent Reasons for His Opinion.

Scott Goodwin, principal of the schools at Allentown, a young man who has just attained his majority, died at his boarding house at 9:30 last night, after having taken a strong solution of carbolic acid, presumably by mistake. There were rumors of suicide, but the young man's father, who is a physician at Beaver Dam, discountenances any such ideas, and says his son was using medicine which was prescribed for a skin disease and a nightly bath, in which carbolic acid was used, was one of the physician's requirements, together with internal remedies.

The fact that he was found entirely nude bears out the idea that he had not contemplated suicide. He was not concerned in any love affair and not in a position to be troubled about his own or other people's finances.

He went to Allentown from Beaver Dam, where his relatives live, last year and taught the village school with such success that he retained his position and returned again when the fall

term opened. He boarded at the home of Mrs. Anna Blackburn, and she was the first to reach him after he drank a deadly dose of poison.

He went to his room early in the evening, and the first inkling of anything wrong was when Mrs. Blackburn heard the sound of a heavy fall and immediately made an investigation. She found Goodwin on the floor in the agony of death, and could get no reply to her hysterical questions.

Messages were at once sent for physicians, but it was two o'clock before Dr. Alexander, of Elida, arrived, and by that time the young teacher had been dead several hours. Another message was at once sent to Lima for Coroner Bice who went at once to the scene.

Word was sent to the young man's parents, Dr. and Mrs. Goodwin, of Beaver Dam, who arrived just before noon today, and the remains will be taken home for burial. Undertakers Chas. E. Eckert & Son of Lima, were called into service and prepared the body for removal.

# THEY OVERTURNED TABLES AND CHAIRS.

## Pierce Fight Between Freshmen and Sophomore Class Girls Ends in Black Eyes. Occasion Was the Annual Rush.

Topeka, Kans., Oct. 9.—On the big stage of the Washburn college chapel, in front of an audience of 500 people, there was a fierce color fight between the girls of the freshman and sophomore classes in which 35 sophomore girls tried to "rush" forty freshman girls off the platform.

Tables and chairs were overturned, and the president's chair was smashed to pieces, clothes were torn hats were lost and eyes blacked in the fierce

rough and tumble fight. The occasion was the annual cane rush and the girls of the rival classes had been trying for an hour to yell each other down from the tops of the chapel seats.

Suddenly one of the freshman girls appeared on the platform waving the rival class colors. Then the clash came. It was at least twenty minutes before the faculty could separate the two bands and restore peace.

# MURDERED ON TOP OF BOX CAR.

# BUSINESS CONDITIONS.

## A Summary of Information Gathered Shows a General Falling Off.

New York, Oct. 9.—Telegraphic advices from correspondents of the International Mercantile Agency, throughout the United States, are summarized as follows:

Merchants generally are not anticipating requirements with the freedom heretofore noted, partly on account of weather and crop conditions and partly because of industrial slowing down. Car congestion is caused by relatively heavier western movement. Dry goods at wholesale are moving from New York more slowly. The big silk auction shows a better demand. Retail merchants in New England report a falling off, and jobbers with southern Connecticut report a like situation.

Chicago and Louisville report banner seasons in leading staple goods. The cotton plant has deteriorated and is later than anticipated. Indian corn is reported as secure from frost.

Cold weather checks raisin curing in California. Little is shown at southern sugar and rice markets. Financial advices at larger centers indicate that neither imports or bank loans are being curtailed and that indebtedness abroad is increasing. James H. Eckles former comptroller of the currency sends word that increased western bank loans, compared with last year, are not due to the banks carrying speculative accounts. Arrangements for a general reduction of pig iron production cause better feeling among western consumers, but all finished iron and steel is quite dull, except wire products. New England cotton mills are running on short time; some are storing products. There is no apparent check to labor disturbances. Louisville's manufacturing tobacco industry is growing, and its distillery report heavy orders.

Mrs. George McEwen Given a Sur-

People You Know, Men-  
tioned Here.

Church-going people of south Lima will remember Mr. and Mrs. T. Elmer Dutton, missionaries from India, who lived with Mr. and Mrs. Adam Neiswander, on south Broadway, about a year ago. Mrs. Dutton being a daughter of the Neiswanders. The latter recently received a message from Mr. Dutton, superintendent of the board of missions, at New York city, stating that Elmer died of typhoid fever, last Monday, at Jalgaon, Khandish, India, enroute 280 miles in the interior of India. In 1891 the Duttons went to India as missionaries, as members of the Neiswander family. They later became acquainted, and, both being in the field of work, concluded to marry. After remaining in that foreign field for nearly nine years, they obtained a further release from the missionary board, and returned to America, where during the first summer, they attended the Sunday school at Chicago, and after a short visit with friends, again entered a school at Philadelphia. After a term of knowledge seeking, they again came to Lima to visit their parents, doing a great deal of mission work in south Lima, at the Beulah Rescue missions. One year ago, on the 28th of this month, they again sailed from New York, for India, and the conclusion of the tenth year (having served nearly nine) were to come back to the home of their childhood. A week ago today, Mrs. Neiswander received a letter from Elmer stating they were both well. It takes a letter one month to reach New York from Bombay. It is known here as to whether Mrs.

Dutton will remain in India, or return to this city.

**Sure Enough Surprise.**  
Wednesday evening, George McEwen, of 610 south Elizabeth street, took his wife for a drive to the country, that being her anniversary. When they returned and Mrs. McEwen stepped into the home, she was indeed surprised, for the house seemed full of neighbors, friends and relatives. A sumptuous supper was a good feature of the evening. Those present were: Mr. and Mrs. J. M. Wilson and daughter, Mr. and Mrs. W. T. Clements, Mrs. Eliza Hubert, Mrs. Jennie Hubert, Mrs. Della Riggs, Mr. and Mrs. B. F. Grant and sons, Enos and Chas.; Mr. and Mrs. Isaac Thomas and Mrs. C. Askins, of Piqua; Mr. and Mrs. N. Mumaw, of Wapakoneta.

**Terribly Scalded.**  
Yesterday while playing with a kitten, at the J. J. Haley home, on east Kibby street, Theodore, their four-year-old boy, fell backward into a boiler partly filled with hot water. Mrs. Haley heard the splash and rescued the little fellow. His skin and flesh is blistered in places, but the burns are not deep enough to be considered serious.

**Is Going Some.**  
Yesterday, John Cochran, of west Kibby street, purchased the pacing mare Dew Drop, of the Davis Bros. at Continental. Besides a match race with Boysell, John expects to work her on the Cridersville track. Walter Keuthan is looking for a race against Dew Drop with his Ribbed Jersey. A \$10 forfeit will be required.

**C. & E. Drings.**  
By the following paragraph, thieves have again been plying their trade along this division of the Erie: "Erie employees found seven new hats in a coal car, this morning. The car came in from the west, last night, and it is believed that the hats were stolen from a store in some town west of here. The hats are of the 'slouch' variety and contain excellent material. Erie detectives have been put on the matter."—Marion Ohio, Star.

The election of E. H. Hartman to the Erie directorate continues to be the subject of talk in railroad and financial circles in New York and the east generally. At first it was supposed to no more than indicate closer relations between Mr. Morgan and the Kuhn-Loeb interests. It is now stated in conservative Wall street circles that by this step, Mr. Morgan is providing a solution of the Northern Securities difficulty, in case the supreme courts affirm the decree of the circuit court of appeals, ordering the redistribution of the securities among their original holders. This solution would lie in turning over to the Erie the control of the three systems involved the Northern Pacific, the Great Northern and the Chicago, Burlington & Quincy. The Erie thus taking the place of the Northern Securities as a holding company, and becoming the eastern terminal of the three great roads. The absorption of the Lake Shore & Michigan Southern and Michigan Central by the New York Central affords ample precedent for such a proceeding. Mr. Hartman is one of the largest holders of Northern Securities, as he was of the Northern Pacific, and he is said to have assented to the plan.—Huntington Journal.

**HEAVY RAIN.**

Over Six Inches Fell in Twenty-four Hours, Ending This Morning.

New York, Oct. 9.—After twenty-four hours of pouring rain, New York city and the adjacent county suffered early today from severe flood. Six and twenty inches of rain had fallen in the twenty-four hours ending at 9 a. m. today, and it was still raining hard. This was believed to be near a record rain fall. Many trolley lines and railroads were either crippled or delayed and in New York city, a conduit containing 70 telegraph wires was so flooded as to disable all the wires. A heavy flood in the Bronx damaged the packing house of Schwetschild and Suizberger, Swift and Co., and Nelson Morris & Co., and a portion of the freight yard of the New York Central Railroad Co., was covered by twelve feet of water. A watchman who had sought refuge on the top of a car was rescued.

From all parts of the city were received reports of flooded cellars, and impassable gutters.

Many cellars along the North River front were flooded and in some instances there was a loss of goods stored there. West street in front of the down town ferry to Jersey City and Hoboken was flooded and passengers were carried across it in drays and grocers' wagons, temporarily pressed into service.

Trolley traffic at St. Georges, Staten Island, was completely tied up by a rush of water over the tracks between Stapleton and St. George. The water was 2 feet deep in South street, at the New York side of the Fulton street, Brooklyn ferry. Passengers arriving on the ferry boats waded through the water up to their knees until the laborers in Fulton street market used large boxes to build bridges across the flooded street.

Nassau street between Wall and Pine streets was closed on account of a washout in the middle of the street. Pedestrians waded through a foot of water. The sidewalk at the corner of the subtreasury building was undermined.

Part of the dam across the Ramapo River near Pompton Lake, N. J. was washed out during the heavy rain storm today, inundating the valley below. A number of houses were flooded but there were no fatalities.

## The Clothes, Not the Price, Tell the Tale.

Some men think that any made to order clothes are better than any ready made. It's an expensive thing; and it costs a good deal more than money; costs looks, "as others see you." As a matter of fact no custom tailors, except the very best few, are able to produce clothes with the style of the clothes we sell, that fit as well, or of as good material.

This theory of disease having been accepted by every authority worthy of respect, it follows that whatever will kill the germ will cure the disease of which it is the true cause.

RADAM'S MICROBE KILLER, while harmless to the patient, is certain death to microbes of every name and nature. Hence its astonishing success in Catarrh, Consumption, Scrofula, Cancer, Rheumatism, Bright's Disease and other chronic and blood disorders thought to be incurable.

Irwin, Pa., Oct. 9.—The plant of the

WHIPPED A PUPIL  
UNTIL DEATH CAME.

Berlin, Oct. 9.—The trial at Bay-  
ruth, of Andreas Dippold, a tutor who  
killed Hiensch Koch, aged fourteen years  
and son of Director Koch, of the Deut-  
sche Bank, to a bed and whipped him  
to death, ended today. Dippold was  
sentenced to eight years in prison.  
While the dead boy's younger brother  
Joachim testified to unnamable tor-  
tures inflicted on himself and on his

brother the persons in court were  
aroused to such a pitch of fury that  
curses and threats were directed to  
the prisoner who was hastily removed  
by the officers.

Joachim avowed, and the medical  
experts agreed that Dippold was more  
debased than the London fiend who  
has been termed "Jack the Ripper."  
The case attracted intense interest as  
a psychological study.

## NEW MINISTERS ASSUME DUTIES.

present with the exception of the  
Duke of Devonshire, the late Lord  
President of the council, and Mr.  
Arnold-Forster, the new war secre-  
tary.

The latter was indisposed and the  
former was subsequently received in  
private audience by the king.

## MARKETS.

New York, Oct. 9.—Prices fell  
weakly all around in the stock mar-  
ket on opening rates, although they  
were not in very large volume, except  
in a few cases. There were 3,500  
shares of Amalgamated Copper sold  
at 35½ and 35 1/4, both low records,  
compared with 37½ last night. U. S.

close. There were losses of about a  
point in Louisville and Nashville,  
Reading, Manhattan, Smelting and

Most of the leading stocks touched  
their lowest point of the first hour in  
the open dealings. Full recoveries  
were made by some of the specialties  
and Atchison, Baltimore & Ohio, N. Y.

a small fraction. Large selling of  
Amalgamated developed when it re-  
covered to near 36 and it fell off to  
34½, checking the improvement else-  
where and causing a resumption of  
the general selling. Gen. Elec. declin-  
ed 2 points and Westinghouse Elec-

## MAY

Lose His Wife and Liberty.

A Jail Inmate

Charged With Crime of Larceny

Meets His Wife at the Court House With Her Former Husband.

A Pure Case of Degeneracy Which Developed at the Little Village of Kemp, in Allen County.

Henry Lintz, of Kemp, is an inmate of the county jail, subject to the decision of the grand jury. Aside from his position as an alleged violator of the law, he occupies a peculiar and degenerated position as concerns his domestic relations, and one which, under ordinary circumstances would add considerably to the trouble he is now in.

Lintz was arrested and brought to Lima on the 22 of September, having been gathered in by Detective Osterider, of the Erie railroad, who found a lot of stolen brasses in his possession. When the mayor finished with him he was transferred to the grand jury to await an investigation on the charge of larceny.

Mrs. Lintz, who is white, is a divorced woman, having previously married a colored man, by whom she had two children, and there develops the first signs of degeneracy. After her separation she married Lintz, a man of her own color.

His case was up before the jury yesterday, and his wife was among the witnesses examined. They met in the corridor of the court house, but the greeting was a cold one. Mrs. Lintz at that time being in company with her former husband, Lintz was taken back to jail and his wife left the court house with husband No. 1, accompanied by her children.

Should Lintz be convicted and sent to the penitentiary for the crime charged against him, the divorce laws of the state give his wife an undisputed right to secure a divorce for the second time, on the ground that her husband is a felon—which bears out the statement that he stands a chance of losing both wife and liberty.

The parade was one of the most gorgeous affairs ever witnessed in the city, and consumed seven hours in passing a given point, with a band at distances of a square's length.

Annual State Session Now Being Held by Delegates at Canton.

An Address Delivered at the Opening Meeting by Mrs. Anne W. Clark, State President of the Union.

Canton, O., Oct. 9.—The delegates to the state convention of the W. C. T. U. were formally welcomed to this beautiful city Tuesday night, during the opening meeting which was held in the First Methodist church. The meeting began with a rally of the loyal Temperance Legion. Twenty-five little girls, members of the Legion, marched into the church, each carrying an American flag. They sang a temperance song and after a bass solo had been rendered by Mr. Wm. E. Strassner, Mrs. H. B. Wisner, retiring secretary of the Loyal Legion, made the opening address.

The address of welcome was delivered by Mrs. Alice Danner-Jones. She spoke of the work that had been accomplished during the past year in the Legion. She said that from the children who are now being trained in the temperance work, the future generations of W. C. T. U. workers would spring. She deplored the present tendency to lapse from the standards of childish purity and innocence of a few generations ago. In closing, she said: "I welcome you in the name not only of the Loyal Temperance Legion of the W. C. T. U., but in the name of the white haired president, Mrs. Patton, who for the past 25 years, has been at the head of the organization in this city. She has led the cause here in times of distress, through dark and cloudy weather. She is now over eighty years of age, but she never seems to grow old, or tired of the work."

State President Speaks.  
Mrs. Anne W. Clark, the state president, next addressed the assemblage. She spoke of the work that is now being done in foreign countries in temperance affairs. She said that formerly they asked over there why America has been moving along the line of total abstinence and that the reply was that the children are being educated. This plan she said, is now being adopted in foreign countries. "The scientific temperance work that is now being done in the public schools has worked miracles. The children will soon be trained workers. The day of victory is just before us, and all that we need to do is to be steadfast and true and keep our ranks close together," was the sentiment of Mrs. Clark.

Mrs. Matella Doughman responded in behalf of the visitors to the addresses of welcome. She thanked the Canton people who had extended the welcome. She spoke of President McKinley, who, she said had set an example of Christian manhood to all by his love for home in all its purity.

Mrs. W. H. Smith sang the Ohio Temperance Legion song. This ended the rally and following it welcoming speeches were made by the members of the W. C. T. U. Mrs. Clark, the state president, presided. Mrs. Sarah Meredith extended a welcome on behalf of the county organization. She told them the many reasons why they were welcome to the county.

Rev. O. W. Holmes, D. D., pastor of the First M. E. church, welcomed the delegates on behalf of the churches of the city. He was applauded for his declaration that he believed in woman suffrage.

#### Reports Are Made.

The first session of the convention proper was called to order Wednesday morning, by State President Mrs. Annie Woods Clark of Columbus. The roll call of the state vice presidents, who serve as county superintendents, was responded to by each county superintendent, who gave in the number of unions and gain in the year, and the gain in paid membership. The roll call showed the number of unions in the state to be 604, with a gain of 93, and the total membership 12,004, with a gain of 500, one of the most prosperous years of the union.

Thursday's Session.  
Canton, O., Oct. 9.—The discussion

of the report of the special committee appointed last year to revise the state constitution of the W. C. T. U. led to a split in the convention of that organization. The report provided that the board of trustees which controls the finances should be abolished and that its powers be vested in a board composed of the county superintendents.

Discussions hot and heavy followed. Excited women clamored for recognition and advanced their arguments with a frantic zeal that might put many a politician to shame.

Under the old constitution, the expenses of the board members incurred at the state convention were borne by the society. This rule led to the fight for the abolishment of the board, as the delegates believed that it was unjust to pay these expenses out of the state funds. A compromise was finally reached whereby the clause relating to the payment of expenses by the organization was stricken out. The board of trustees under the new document will be made up of three county presidents and a like number of state superintendents and the state president.

A committee, consisting of Mrs. Monroe, Mrs. Brown and Miss Frances Ensign, was appointed to call upon Mrs. Ida McKinley before the conclusion of the meeting and extend her greetings of the W. C. T. U., together with floral offerings.

It was decided to send a delegate to the American anti-saloon league convention, which convenes in December in Washington.

## VISIT Of Many W. R. C. Delegates to Van Wert

Was a Pleasant One, and the Meeting Was Most Successful Ever Held.

The convention of the lodges of the Woman's Relief Corps in the counties of Williams, Fulton, Defiance, Putnam, Henry, Allen, Paulding and Van Wert, held at Grand Army hall in Van Wert, was well attended, says the Bulletin, and was marked by interesting business and social sessions. The meeting as a whole was one of the most successful ever held in the district, the number of out-of-town delegates present numbering about seventy-five. They had headquarters at the Hotel Avenue. The visit of the delegates was made all the more pleasant by the ladies of the local lodge, who put forth every effort toward their entertainment. The principal officers present, were: deputy president of Ohio, Hanna Garagen, of Troy; state instituting and installing officer, Mary P. Scott, of Mt. Vernon, assistant inspector, Laura Lanthier, of Lima; district president, Mary Musser, of Napoleon; district secretary, Mrs. Smith, of Napoleon, district treasurer, Mrs. Bell, of Defiance. The morning session was opened by prayer by Mrs. John I. Cable, chaplain of Van Wert corps, and music. Reading of reports of the several corps of the district followed. The afternoon session was given to general business and an ex-emplification of the ritualistic work by Van Wert corps. Mrs. R. Resch, of this town, was elected district president. This was the only office to fill the rules calling for appointment of the necessary assistant at the opening of the next yearly meeting. A camp fire was held in the evening. The chief address was by Judge A. L. Sweet. There were, also, addresses by department president, Hannah Gahagen, instituting officer, Mary P. Scott, and Rev. Luak, of Indiana. Other numbers were recitations, Miss Lowery, of Napoleon, Misses Nellie Clippinger and Bessie Blake, solo, Miss Hiliah Hough.

## FINE MEETING AT DELPHOS.

### Monster Throng Greeted Mayor Johnson at That Place Last Night.

**Big Crowds Were in Attendance From This City and Van Wert—Mayor Johnson Delivered One of the Best Speeches of the Campaign.**

One of the largest and most enthusiastic crowds that has turned out at any meeting during the campaign this fall greeted Hon. Tom L. Johnson and his party at Delphos last night. The meeting was held in the tent which was pitched on a lot far out on the west side of the town and in spite of the unfavorable weather and the distance the crowds had to walk to attend the meeting the big canvas was taxed to its utmost capacity. Every seat was occupied and several hundred people stood around the side walls and in the entrance.

Mayor Johnson stated before the close of the events of the evening that the meeting was one of the best that has been held since the campaign opened. Nearly three hundred people went from this city and Elida on the special train that was run over the P. Ft. W. & C. and a crowd even larger than that went to the meeting from Van Wert. Mr. Johnson spoke at both Paulding and Van Wert during the afternoon and accompanied the delegation from Van Wert to Delphos. In his party were Mrs. Johnson, Hon. F. S. Monnett and a number of newspaper men and Van Wert county candidates. The Dana band from this city, the Delphos band and a drum corps from Van Wert escorted the speakers and their audience from the depot to the tent and furnished music in the tent before the meeting opened.

#### The First Speaker.

Ex-Mayor George Wilson, of Delphos chairman of the Van Wert county executive committee, called the meeting to order and introduced Mr. D. V. Gasson, of the Delphos Herald, who had been selected for chairman of the meeting. Mr. Gasson made a few opening remarks and then introduced, as the first speaker, Mr. Monnett, the candidate for attorney general. Mr. Monnett was given an ovation as he stepped forward on the platform. He lost no time in preliminary remarks, but forged directly into the issues of the campaign. As to the issues of immediate interest he said, there were three in number—'Just Taxation, Home Rule and State Government by the People as Against State Government by Hanna and Cox and a Corrupt Ring of Politicians in Conspiracy with Privileged Men and Corporations.' He appealed to each citizen of Allen and Van Wert counties to consider, not as a republican or a democrat, the issues involved, to decide wherein his duty lies and to vote as a true free man and a patriotic citizen.

As to Senator Hanna, Mr. Monnett said that if it was either a state or a national issue it might be well to ask him to discuss his ship subsidy bill as that had been his chief work since he has been a United States senator. Continuing, Mr. Monnett discussed the question of railroad taxation, the two-cent railway fare proposition and the record of the last republican legislature which passed the curative act with the 'Cincinnati Steal' which granted a franchise to Boss Cox's Cincinnati street railway monopoly, and passed a bill abolishing county and city boards and placing all matters of local taxation into the hands of state officials—a direct blow at home rule and just taxation. To illustrate the present unjust and inequitable treatment of railway patrons, he called attention to the fact that the man of small means not only has to pay, but he has to pay a flat rate of 3 cents a mile every time he or a member of his family rides on a railroad train, while the man of large means either rides or a pass or a mileage book at the rate of two cents a mile.

Mr. Monnett's speech was a straightforward logical discussion and it made a favorable impression on his auditors.

Mr. Johnson's Address.

Mr. Johnson was enthusiastically received when chairman Gasson introduced him, and although he spoke for an hour or more he held the profound attention of the big audience, the only interruption being the frequent bursts of applause that marked the approval of the forceful arguments he drove home in rapid succession. He discussed briefly the

odium of corrupt practice that surrounded Mr. Hanna's election to the United States senate, and challenged the senator to answer to the charge, that he (Hanna) had used his public office to further his private interests in corporations and franchises. "I don't need to see or write, to Mr. Hanna to issue this challenge," said Mr. Johnson. "He'll receive it in the morning for he has had a stenographer in every meeting I have addressed in this campaign. He's here now taking down every word I say. He's a member of our party and we call him Mark Hanna for short."

Referring to the two-cent railroad fare proposition, Mr. Johnson said the republicans were talking bosh when they said that just railroad taxation and two-cent fares would cause a cut in the wages of employees. The railroads in Michigan, a less populous state than Ohio, have two-cent fares, and make larger earnings and pay better wages than they did under the three-cent fare system. New York also has two-cent fare railroads, and they are the best roads in the country and pay as good and better wages than the roads in Ohio.

#### What Single Tax Is.

The so-called single tax is not an issue in this campaign but Mr. Johnson being in favor of it, took occasion to give his views on the question for the reason that the republican spellbinders and republican newspapers have been seeking to use the question in a manner to frighten voters talking about it as a system that would increase the taxation on farmers. This is a pure falsehood. The truth of the system is that it would serve to greatly reduce the taxes on farmers and small land and home owners. The single tax is not a tax on land, but a tax on land value.

Mr. Johnson asked if, according to the republican leaders, it be socialism and anarchy to require the railroads and other monopolized public utilities to pay taxes on their properties at the same rate of percentage the farmer and small home owner is taxed; if it was socialism and anarchy to give the people of a community the right to vote on the question of giving away franchises in the streets they own.

At the conclusion of Mr. Johnson's excellent address, Mr. Peter Witt, of Cleveland, gave a very interesting and scholarly lecture on taxation, illustrating his remarks with figures and pictures thrown upon a canvas by a stereopticon machine. With correct figures he proved that the cost of the necessities of life have been advanced far greater in per cent than the wages of the mechanic and laborer have advanced in these times of trusts and curative act legislatures.
